

## OUR WEDNESDAY, APRIL 21 GENERAL MEETING TO BE A DELUXE TRIPLE-HEADER

We are going to cover a number of topics that are of interest to residents in April:

### What's up with all the car-related crime?

There has been a rash of car-related crime in our area and the police will give us an update on that.

### All about the Palisades Village project.

A representative from the Palisades Village and its innovative community organization to support aging-in-place will talk to us about what they are all about—how you might volunteer, join, or benefit now or in the future from such projects.

### And Friends of Hardy on Hardy Field Issues!

And for part of the meeting, we'll share the floor with Friends of Hardy, FCCA's sister organization that is focused specifically on supporting the park and rec center. They'll talk about their work (read about the Spring Clean-up on page 3) while we all discuss issues surrounding shared stewardship and community use of the field and rec center — soccer kids, dog walkers, playground parents, and how all of the above affect nearby residents. We hope to get a representative from Parks and Recreation but that has not been nailed down at press time.

And as an added bonus, we'll update you on what the FCCA is doing in response to and pro-actively on Georgetown University's 10-year plan. See you Wednesday!

## FCCA Annual

# SPRING FLING

at the Hardy Rec Center

Sat. April 24 — Noon to 3 pm

Celebrate Spring with your neighbors at the FCCA's Spring Fling (after the FoH playground clean-up)

This popular annual family event includes potluck lunch, live music and lots of friends and neighbors!

Please bring the following dish to serve 6-8 people according to the first letter of your last name:

A to F: Hors d'oeuvres  
G to K: Salad/Vegetable  
L to R: Main course  
S to Z: Dessert

We will have a moonbounce and live music by the Palisades Community Band; Friends of Hardy will be grilling up hotdogs... all we need is you! Our local fire department has been invited to bring their truck for kids to explore from 12 to 3pm.

We need volunteers to help with set-up and clean-up. If you would like to help, please call Caitlin Mackenzie at 202-577-8770.

Come celebrate spring with your neighbors!

## Notes from the Feb. 24 FCCA General Meeting

The 25 MPH sign is now up at P and Foxhall; the Volta sign is coming. Riverside Hospital site development at reduced size is supposedly approved by BZA but we don't have any other details other than that the site owner has the right to proceed.

Kent Slowinski updated us on his group's watershed conservation efforts. wks@aol.com.

Police Report: Traffic issues were mostly snow related, but speeding on MacArthur Blvd has been an issue. Dog walking without leashes (esp. professional dogwalkers) are being ticketed at \$50 for the first warning and impounding of dog on the second. Enforcement is being stepped up. Thefts from autos remain a problem, esp. people leaving cars unlocked.

Q&A with Councilwoman Mary Cheh: Mrs. Cheh now heads the Committee on Govt Operations and the Environment which covers real estate, contracting and procurement and reforms of contracting and procurement process. She continues to head the Office of Energy committee. Budget shortfalls present certain obstacles, though DC's shortfall is less problematic than some of those of the surrounding constituencies. Snow was a hot topic. Cheh has introduced a bill that would make non-shovelling of sidewalks a citation that could be written by any law enforcement person (unlike the current arcane ticketing process), \$25 for residents and \$250 for businesses. A colorful discussion on the morality of saving shoveled out parking spots with chairs ensued (remember winter 2010?) Alley plowing was discussed; Ms. Cheh stated that the resources simply are not there and that alleys are not in the city's plowing plan and haven't been for a long time. Trash pickup problems were also discussed. Fire hydrant update: Aspects of the issue include water pressure and the

hydrants themselves. WASA and the Fire Department report that they have identified areas of problems and put protocols in place to respond appropriately to calls in those areas. The Fire Department has tagged hydrants; only red-tagged hydrants are unserviceable. Nevertheless, many of our mains are too old and replacements of all will be an enormous expense so replacements are being done incrementally. Discussion of the condition and overuse of Hardy Field—which is permitted to Stoddert and other soccer groups for up to 10 hours a day all weekend and several nights a week for months on end—burdens both the field and the community. Ms. Cheh said she would discuss it with Parks and Rec. Proper signage of the field was discussed. GU's 10 year plan: Mrs. Cheh said we have to wait for the final plan at this point.

## FCCA Capital Reserve Budget, 2010

### Opening Balance as of 1/1/10

Savings	6,032.19
CD	20,431.67
<b>Total Capital Reserves</b>	<b>\$26,463.86</b>

### Budgeted Income

Investment/Interest	250.00
Contribution from Operating Budget	200.00
<b>Total Budgeted Income</b>	<b>\$ 450.00</b>

Expected Closing Balance \$26,913.86

Questions? Contact the Treasurer.

## FCCA Help Wanted:

**Website:** We need help on updating and adding new content.

**Delivery People:** We need volunteers to deliver newsletters every other month on Greene Street below MacArthur, and substitutes for when someone can't deliver their regular route. We make it very simple for you and it takes just an hour or so. Contact Bob Avery or any Board Member.

## Palisades Library Book Sale on April 17 — Stock Up!

After a year's worth of book contributions from neighbors and friends, the Friends of the Palisades Library will host its annual book sale on Saturday April 17 from 10:00 a.m. until 4:30 p.m. at the Library, located at MacArthur Boulevard and V Street, N.W. Most books priced between 10¢ and \$1.

There are thousands upon thousands of books available that cover almost every topic for every age group. The books are donated throughout the year by neighbors, friends, estate sales, and various other organizations. As a result, there are always numerous copies of most Ludlum, Grisham and Tom Clancy novels but there are also many publishing gems that may have been hidden on your neighbor's bookshelf until now.

This is an excellent chance to stock up for your summer reading or to find that book you always wanted to read. Most books are priced between a dime and a dollar; the low prices help to promote one of the organization's goals of encouraging the consumption of the written word in our neighborhood. On a fiscal level, the funds raised from the annual sale are used to support special programs and materials at your library.

## Alzheimer's Study Seeks Participants

Laurer Ullrich, a graduate student in Neuroscience at Georgetown University studying memory in normal and pathological aging associated with Alzheimer's Disease, is recruiting participants (50+ years old) for my study. Her study involves behavioral testing of memory, attention, and language, and she is also looking for people willing to undergo an MRI of their brain (this is a non-invasive imaging technique, but because of the magnetic fields involved, people with pacemakers or

certain other medical implants may not be able to participate). Participants are compensated \$25 per behavioral session (usually need 1-2 sessions of 1.5 hrs), and \$50 for the MRI. (202) 687-2721 (work) or golorengo@gmail.com.

## DCPL Foundation Matching Fund Challenge for Peabody Room

The District of Columbia Public Library Foundation has announced a matching fund challenge to benefit the Peabody Room, the Georgetown history special collections housed in the Georgetown Neighborhood Library.

Part of the DC Public Library's Special Collections, the Peabody Room contains books, documents, photographs, and artwork spanning three centuries of Georgetown history – one of the most significant collections of neighborhood history in the nation. Many of the archival materials in the collection were water damaged from the April 30, 2007 fire that heavily damaged the library.

The Alice and Russell True Foundation will match every dollar up to \$50,000 of donations received by the DCPL Foundation to benefit conservation of the Peabody Room's collections by November 1, 2010.

To participate in this challenge, please make donations payable to the "DC Public Library Foundation" and note "Peabody" in the memo section of your check to DCPL Foundation, 901 G Street, NW, Washington, DC 20001. You can also donate online at [www.dcplfoundation.org](http://www.dcplfoundation.org) and click "yes" when asked if you'd like your donation to go to the Georgetown Fund.

## June Newsletter Submissions

Please send items for the next newsletter—preferably written, digital, and short and sweet so they don't have to be cut to size, revised much, or transcribed—to the editor at [tlam.foster@gmail.com](mailto:tlam.foster@gmail.com) by June 1 for the next newsletter. Notices of community interest are free for FCCA members!

## Friends of Hardy Spring Clean-up!

The annual clean-up of the Hardy playground and recreation area will be on Saturday, April 24th from 9am-12pm.

Please bring your rakes, hoes, shovels and small and large clippers for tree and bush trimming.

Celebrate Earth Day and our neighborhood park by getting it ready for Spring and Summer 2010. Friends of Hardy will provide coffee and snacks, and will share good cheer and a list of clean-up tasks.

Stay after for the Spring Fling Community Pot Luck.

**DOG OWNERS:** Let's make sure the field gets cleaned too.

## WHAT: SPRING YARD SALE

**Who: The Entire FCCA Foxhall Community!**

**Where:** Lab School front lawn (facing Reservoir Road)  
This prime location attracts many buyers!

**When: Sat., May 22, 2010**

Set up: 7:30 – 8:30a.m.

Sale: 8:30 – 12:30 p.m.

\$10 donation to cover expenses

**Why:** This community service event provides an opportunity to clear out and sell the unused items cluttering your closets, toy chests, basements & garages. You will enjoy some extra space at home and a little more money in your pocket! You might even find a couple of new treasures to take home while browsing the sale and visiting with neighbors!

Questions:

Contact Karen Kelliher at [jkelliher@verizon.net](mailto:jkelliher@verizon.net) or Jeanette Rivera at [jgrivera@aol.com](mailto:jgrivera@aol.com)

## Hillside at Georgetown University Slides into Glover-Archbold Park

JOHN BRAY

Rubble and dirt left in Glover-Archbold Park from the December collapse of a hillside behind Georgetown University's Yates Field House may soon be cleaned up. "We are working with Georgetown University to get it cleared up," Acting Superintendent of Rock Creek Park Cynthia Cox said.

"The installation of a super silt fence as well as the removal of all excess soil and other debris on parkland and in the easement area will be done with motorized equipment," Cox said. She said she expected a permit request from GU the week of April 5 to do the work.

Erosion from heavy snow and rain in December caused the slope to give way, undermining the road that runs along the rim of the park, according to Linda Greenan, assistant vice president in GU's Office of External Relations. Greenan said GU's work to stabilize the road involves building one retaining wall beneath the roadway and another on the west side of the road, with backfill added to create a new slope.

The new hillside will resemble the slope created just to the south, which was a project requested by the NPS to stabilize that area, according to Greenan. Cox said that "mitigation strategies" are being used to prevent "flows from the road going over the slope." But as recently as April 3, there appeared to be little to stop erosion of the wave of dirt that spilled into the park. A netting, with a fiber mat, had been unrolled, but it only covered part of the slide.

Georgetown's draft campus plan for 2010-2020 has proposed construction of a road along the rim of the park to accommodate buses. How the condition of the slope would impact such a project is not clear.

## Upcoming BZA Meetings — Anyone Interested is Encouraged to Show Up!

**BZA (Board of Zoning) meetings are public meetings that institutions are required to schedule with local communities according to the terms of their agreements with the BZA. The meetings happen so that you can go and bring up issues of concern. It is generally best to get your issue on the agenda by contacting the convenor in advance.**

**Lab School:** Tues., April 27 at 6:00 p.m., the Lab School's quarterly BZA meeting in the multi-purpose room at the school; contact Katherine Schantz at [katherine.schantz@labschool.org](mailto:katherine.schantz@labschool.org) (944-2221) or Peter Braun at [peter.braun@labschool.org](mailto:peter.braun@labschool.org) (641-5844).

## New Palisades Village Associate Memberships

Young or old, hale or frail, we all need Palisades Village because we all need a vibrant, strong community. For residents who do not need full membership (help from volunteers) but who want to help us grow this important neighbor-to-neighbor, grass roots organization that provides the assistance to our neighbors who wish to remain in their homes, Palisades Village has introduced a new Associate Membership category. This new membership is \$250/year, of

which \$200 is fully tax-deductible.

Associate Members will have (1) an online subscription to Washington Consumers Checkbook; (2) assistance in selecting trusted electricians, plumbers, roofers, and other service providers from the Village's list of recognized providers; (3) the e-mail edition of the Village's newsletter; and (4) participation in the Village's social activities.

The Village makes our community a stronger and more desirable place to live for everyone. After February's blizzards, our organization provided invaluable assistance to many of our neighbors who are full members, including volunteers with four-wheel drive vehicles who purchased and delivered prescription medications and groceries to those in need, who drove members to critical medical appointments, and who arranged for our members' sidewalks and alleys to be shoveled.

We hope you will cast your vote of confidence in the future viability of our ground-breaking endeavor – and what it has already come to mean to our Foxhall and Palisades neighborhoods. Be a good neighbor; become an Associate Member. Please send in your \$250 donation, \$200 of which is tax deductible. Make check payable to Palisades Village and mail to P.O. Box 40403, Washington D.C. 20016.

Palisades Village president Andy Mollison (left) and vice president Alicia Juarrero presented certificates of appreciation in March to Paul Ward (right, with Bella under his arm) for adding to the safety of older residents of Foxhall and the Palisades by their dedicated, efficient snow clearing during the blizzards of 2010. The awards went to Ward and (from left) José Orlando Rodríguez, Wilmer Abilio Ramírez, Carlos Antonio Rodríguez, and (absent) José Luis Rodríguez, and Roberto Antonio Orantes.

## In Our Gardens

SUSAN KLUSMAN

It is an orchid, *Vanilla planifolia*, that gives us the delightful flavoring essence vanilla. The six-inch or so, shriveled, blackish vanilla bean we buy is the flower's dried fruit pod from which the exquisite essence is derived. *Vanilla planifolia* is unique in the vast orchid family because it produces a fruit pod.

Gardeners can grow this tropical plant (or hybrid) in their homes! The vanilla vine will trellis onto a kitchen window if it has the right amount of sunlight and humidity. But there is a downside to this plant, namely getting a fruit pod and extracting the vanilla essence from it.

First a little history. Vanilla was cultivated by the Totonac Indians, rivals of the Aztecs. Spanish explorers brought vanilla back to Europe where it was hugely popular. In fact, the word vanilla is Spanish in origin. Europeans were successful in cultivating the vine in other tropical areas of the world; however, the vines remained podless. The melipona bee was the primary pollinator in Mesoamerica and there were no reliable pollinators in the new habitats. The melipona bee then allowed the Totonacs to secure a monopoly on the sale of vanilla for about 300 years.

It wasn't until the mid 1800's that the Europeans were successful in pollinating the flowers by hand which

is the current pollinating method. Even in Mexico hand pollination is used as the melipona bee is nearly extinct. Hand pollinating is tricky especially since the bloom typically lasts only one day. Furthermore, the fermentation process which prepares the beans for culinary use is very extensive.

So, the production of vanilla is not the reason to grow this elegant vine. We are still dependent on the expensive store bought vanilla. However, the positive side is that when people gather in the kitchen, for instance, viewing the vine can provide the stimulus to discuss the interesting topic, botanical history.

## Earth Day Glover-Archbold Park Clean Up on April 10 Attracted a Great and Hard-working Group!

Kent Slowinski of the watershed conservation group (see meeting notes on page 2) organized a park clean up on Saturday, April 10. About 60 people showed up to comb the park north and south of Reservoir Road and the pile of resulting yellow bags was impressive. Most of the group were GW, GU and AU students, augmented by community members from our area and Glover Park. It was truly impressive to note the impact of a couple of dozen people in just a few hours.

## Who You Gonna Call?

### City-Wide Call Center

To request free bulk trash pickups, report dumping in alleys, rat problems, and a host of other issues, call 311.

### DC Animal Shelter 576-6664

### Police and Fire Departments

Emergencies and Police Matters 911

### PEPCO

Power Outages 877-737-2662

Street Lights Out 269-0855.

### Washington Gas 624-6049

### Abuse of Hardy Field

Use of the field by any group of 18 or more requires a permit. Groups playing without DC Parks and Rec permits, and use of the field following heavy rainfall by any group imperils the over-used field. Any misuse of the field should be reported immediately to the Urban Rangers at 311.

### Illegally Parked Cars

Report cars obstructing sidewalks or displaying suspicious guest parking permits by calling 311.

Note: D.C. law requires people who live in the city for more than 30 days to register their cars with the D.C. Department of Motor Vehicles or face a \$100 ticket every day. This applies to cars parked on private property as well as on streets.

### Unpermitted Construction

For unpermitted construction or work that appears to violate code, call DCRA at 202-442-4400 and they will send an inspector very quickly.

For work that appears to be contrary to the guidelines in the historic district call Anne Brockett, 202-442-8842 or [anne.brockett@dc.gov](mailto:anne.brockett@dc.gov).

### Georgetown Community Hotline

Report student activities that negatively impact our community at 687-4813 24/7. Or call Linda Greenan and discuss the issue at 687-5677 during office hours.

**Lest we forget the snowstorms of 2010 as we bring out the rakes and hoes and let our shovels grow rusty again...**

**Bring on the mosquitos!**
