

Meet the Candidates for Our Area s Two Contested Advisory Neighborhood Commission Seats at the FCCA General Meeting on Wednesday, October 20

Washington's Advisory Neighborhood Commissions consider a wide range of policies and programs affecting our neighborhoods — from traffic and parking to recreation, street improvements, liquor licenses, zoning, economic development, police protection, sanitation and trash collection, as well as the District's annual budget. Advisory Neighborhood Commissioners are elected to their seats, but their services are unpaid.

The October meeting will serve as a venue for everyone to meet with the candidates for the two Advisory Neighborhood Commissioners who represent our area. For the first time in recent years, the two volunteer seats are contested races; many ANC seats throughout the city go unfilled for lack of people willing to serve so we are very fortunate to have our candidates. See pages 4 and 5 for statements by the candidates.

Special Election Event! FCCA to co-sponsor a Special Ward 3 Council Member Candidates Forum on Wednesday, October 27 at the Chevy Chase Community Center

The FCCA will co-sponsor a special Ward 3 Council Member candidates' forum debate between Mary Cheh and David Hedgepeth. The forum will take place on Wednesday October 27th, at 7:30 pm, at the Chevy Chase Community Center, 5601 Connecticut Ave NW (near Chevy Chase Circle). All are welcome. Please come and bring your questions.

Save the Date for the Foxhall Fright 2010 Saturday, October 30 Rain or Shine from 3:30 to 5:30 pm

Our annual neighborhood Halloween party is coming right up! Meet at Q Street Circle (Q and Surrey Lane) in costume and parade to the Hardy Recreation Center for Halloween fun!

3:30: Costume Parade

4:00: Family-friendly activities, live music, potluck refreshments

4:30: New! Pet Costume Parade—dress up your favorite pet for fun and prizes!

Potluck by last name:

A-F: baked goods

G-L: chips and pretzels

M-R: fresh fruit

S-Z: vegetables and dip

Refreshments can be dropped off between

10 am and 2 pm on

October 30 at the Hardy Recreation Center.

FCCA and Friends of Hardy will provide drinks, hotdogs and treats.

Activity coordinators and volunteers needed

to help with the planned activities of face painting, pumpkin decorating, mask-making, and pet costume contest.

Other activity ideas welcome! Please call or e-mail Caitlin at 202-577-8770 or caitlin.mackenzie@verizon.net to

volunteer. Great volunteer opportunity for middle and high school kids; adult volunteers are greatly appreciated as well. Thank you!

Volunteers and Nominations for the 2011 FCCA Board Needed

The FCCA Board of Directors will be elected at our November 17 General meeting. We would like to have each of the FCCA neighborhoods represented on the Board. However, to accomplish this we need new Board members living west of Foxhall Road — from Charleston Terrace, Kenmore Drive, Indian Rock Terrace, the 4500-4700 block of Reservoir Road, MacArthur Blvd., and the neighborhoods south of MacArthur.

Board of Director members serve a one-year term, must be members of the FCCA and live within the FCCA geographic area. The Board meets once a month, usually the last Sunday. Each Director assumes responsibility for an area of interest, such as police liaison, school liaison, traffic concerns, development, etc. or serves as an “at large” member. The Board as a whole sets the agenda for the membership meetings and acts in lieu of the membership when issues arise that require immediate action. If you are interested in serving or know of someone who would, please contact Bob Avery, Board President, at 338-3834 for more information.

Nov. Newsletter Submissions

Send items for the November issue to the editor at tlam.foster@gmail.com by October 30. Notices of community interest are free for FCCA members!

You've Got Mail Or Do You?

The FCCA maintains a confidential e-mail list that is used to notify members of upcoming meetings, events, and important happenings in the neighborhood. If you have not been receiving these e-mails and would like to, please contact Bob Avery, ravery@starpower.net 338-3834.

Georgetown Day and Lab School BZA Meetings for Lab and GDS in November and December

Please share your comments and concerns so they can be aired at the meetings! Board of Zoning meetings are public meetings that institutions are required to schedule with local communities according to the terms of their agreements with the BZA so issues of concern can be aired. If you are interested in attending, please contact the FCCA schools liaison to receive email reminders of the meetings, or just show up. If you can't attend but would like to have your issues discussed, send an email or call the FCCA schools liaison, and copy Ann Haas. (See contacts at left.)

Georgetown Day: Tues., Dec. 14 at 6:30 p.m. at Q and MacArthur; future meetings are Mar. 8 and May 10.

Lab School: Tuesday, Nov. 9 at Foxhall & Q at 6 p.m.. Future meetings are February 22 and April 26, 2011.

ANC3D: Advisory Neighborhood Commission 3D meets the first Wednesday of the month at 7 p.m. in the activities building of Horace Mann School — future meetings are scheduled for November 3 and December 1.

Cool New City Web Service

Go to <http://propertyquest.dc.gov/> After you type in your address, use the tabs in the right panel (zoning map) to menus for Photo, Property Tax Details and Google Street View for interesting information on your property. This also allows you to confirm what ANC district you are in and other specifics.

Check out the relaunched FCCA website — www.foxhall.org!

Notes from Recent GDS and Lab School BZA Meetings

GDS Meeting: Representatives of the FCCA area and Georgetown Day School met on Wednesday, September 14. Many topics were discussed relating to traffic, parking, and impacts of the School on the neighborhood. GDS is at its enrollment cap of 575 students. Neighbors reported some problems with being unable to park on their streets near their homes due to GDS parents parking up the streets. GDS reported that was due to specific meet-the-teacher open houses and assured us that they would try to avoid similar problems next year. GDS reported that they are committed to reducing impacts on the neighborhood caused by parents parking near the school on normal school days; walking to and from campus with children violates BZA orders for drop-off and pick-up, which are to happen on school property. GDS said they have increased queuing space to make it unnecessary for parents/nannies to park off-site for afternoon pickup and assured the FCCA that they are policing walk-ons rigorously, and that GDS started parent education campaigns this year even before the first day of school, without the usual "grace period" for parental compliance. Traffic in the morning remains an issue, in part due to new rules that the police must remain on the sidewalks to direct traffic, which is not the ideal way to do it; GDS continues to try to work out alternatives. FCCA reiterated objections to excessive use of whistles as a noise pollution issue for nearby homes and apartments.

There are several special events on the GDS calendar that will involve parents parking in the neighborhood (such as their Harvest Festival) but GDS promised to notify the FCCA in advance of those dates. Neighbors are again invited to participate. Flu shots should again be available for a fee.

The Lab School quarterly meeting on September 28 focused on options for removing English ivy strangling mature trees on the school property overlooking Hardy Field and on addressing traffic and parking issues in reference to the school.

Lab School's arborist, Eagle Scout, Tim Boyd, joined Head of School Katherine Schantz and neighborhood liaison Peter Braun in discussing ways to save the trees without using herbicides. The Nature Conservancy, the National Park Service, the U.S. Botanic Garden, and the Chesapeake Bay Trust have jointly produced a brochure and wallet insert about invasive plants and trees and native species to choose in the Potomac River Watershed instead. Possibilities for a project beneficial to the school, the students, and the community were enthusiastically discussed. Peter Braun will do some checking and announce a recommended solution.

The Board of Zoning Adjustment order for the Lab School (number 17944 of July 28, 2009) specifies that the school shall implement a traffic management plan to regulate vehicle access and parking on the property. The plan shall include a provision of shuttle service and other methods to reduce the use of private automobiles by staff and parents. The school may modify the plan to respond to changing traffic conditions, subject to discussions with the community liaison committee. Zoning regulations have provisions for private schools to operate in residential neighborhoods provided that they do not create objectionable conditions such as noise, traffic, or number of students.

Thanks to Susan Klusman for identifying the tree matter. The next meeting is scheduled for Tues, Nov. 9, at 6 p.m.

Report problems with GDS/Lab parking up your street on normal school days to our ANC commissioner, Ann Haas, ahaas212@comcast.net.

Who You Gonna Call?

City-Wide Call Center

To request free bulk trash pickups, report dumping in alleys, rat problems, and a host of other issues, call 311.

DC Animal Shelter 576-6664

Police and Fire Departments

Emergencies and Police Matters 911

PEPCO

Power Outages 877-737-2662

Street Lights Out 269-0855.

Washington Gas 624-6049

Abuse of Hardy Field

Use of the field by any group requires a permit. Groups playing without DC Parks and Rec permits, and use of the field following heavy rainfall by any group imperils the over-used field. Any misuse of the field should be reported immediately to the Urban Rangers at 311.

Illegally Parked Cars

Report cars obstructing sidewalks or displaying suspicious guest parking permits by calling 311.

Note: D.C. law requires people who live in the city for more than 30 days to register their cars with the D.C. Department of Motor Vehicles or face a \$100 ticket every day. This applies to cars parked on private property as well as on streets.

Construction without Permits

To report construction proceeding without required permits or that appears to violate code, call DCRA at 202-442-4400 and they will send an inspector very quickly. For work that appears to be contrary to the guidelines in the Historic District call Anne Brockett, 202-442-8842 or anne.brockett@dc.gov.

Georgetown 24/7 Community Hotline

Report student activities that negatively impact our community at 687-4813. Or call Linda Greenan and discuss the issue at 687-5677 during office hours. Please also send an email regarding the issue to the FCCA.

FOXHALL FRIGHT

SATURDAY OCT 30

RAIN OR SHINE

FROM 3:30 TO 5:30

3:30: Costume Parade

Meet at Q Street Circle in costume and parade to the Hardy Recreation Center for Halloween fun!

4:00: Family-friendly activities, live music, potluck (see page 1) and free refreshments

4:30: New! Pet Costume Parade

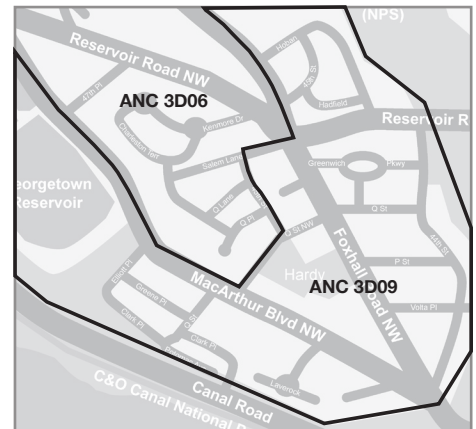

Volunteers needed! Call 577-8770 caitlin.mackenzie@verizon.net

Statements by ANC 3D06 and 3D09 Candidates

The boundaries for 3D06 and 3D09 are a bit confusing, so we are including a map below. The majority of our area (the Village and all areas between MacArthur Blvd and the Potomac) is part of 3D09. But most of the Indian Rock area is part of 3D06.

Our www.foxhall.org website has a link to the ANC page under Useful Links that also allows you to determine your ANC district.

The FCCA would also like to take this opportunity to sincerely express our appreciation to these four candidates for their commitment to serve our communities in time-consuming and unpaid positions. Your commitments to your neighbors is inspiring. Thank you.

John Curran 3D06

[No statement was received from Mr. Curran, candidate for 3D06, as of press time.]

Ann Heuer 3D06

As we approach the election on November 2, 2010, I want to thank you for the privilege of serving as your ANC 3D06 Commissioner and ask for your support as I seek reelection. Over the past 10 years I have served as Vice-Chair of the Commission and am currently serving as Treasurer and Chair of the Zoning Committee.

As a longtime neighborhood homeowner, I know the many issues that face our community. I work hard on your behalf, attend meetings and canvass the neighborhood to help ensure the ANC reaches balanced decisions reflective of our shared neighborhood values. My ANC colleagues rely on my institutional memory, my experience before the city's zoning boards, my participation in past solutions and my working relationships with City Council members.

My expertise and knowledge of the zoning regulations has enabled me to actively participate in hearings before the zoning boards where I have worked diligently to protect and preserve our unique and special neighborhood... After many meetings on the GW/MV 2010 Campus plan, the neighborhood reached an amiable agreement, and I was pleased to represent you and the ANC on the University's Campus Plan before the Zoning Commission. I testified before Councilmember Mary Cheh on behalf of Lynn Parker of Parkers Exxon Station. To ensure protection of our low density neighborhood, constant attention is needed as the Office of Planning rewrites the Zoning Code. To that end, I recently testified before the Zoning Commission on the proposed new text for the chapter on Height.

I have been a strong voice for our Community, and ask for your vote so I might continue to serve as your ANC Commissioner. If you have any questions or need help on an issue, please email me at aheuer3344@earthlink.net. Ann Heuer is # 1 on your November ballot.

Petar Dimtchev 3D09

Dear Neighbors, I am proud to be running for the position of Advisory Neighborhood Commissioner for ANC 3D09.

There are three very important issues that our neighborhood faces. The biggest and most pressing matter is Georgetown University's ten-year plan. As it currently stands, the plan has the potential to greatly affect the character of Foxhall. Additionally, we are dealing with traffic that is progressively getting worse. Foxhall Road is heavily congested and commuters exploit our local streets. Lastly, there is a troubling spike in crime within our neighborhood. The right leadership is required to address these three issues.

I have the skills, knowledge and experience to be an effective leader. I hold a bachelor's degree in Government from Georgetown University and have supplemented my academic training with tenure in the Executive Office of Mayor Fenty. During my time in the Mayor's Office, I have worked closely with residents, community leaders and ANC commissioners to resolve a range of issues throughout the city and have overseen the development and implementation of various city projects. In Foxhall alone, I worked with the Department of Parks and Recreation to repair Hardy Recreation Center's roof after it flew off, initiated several improvements to the infrastructure in the community (painting of crosswalks, filling potholes and replacing old and broken signage), and managed snow-removal efforts (even spending several overnight shifts supervising contractors).

The Advisory Neighborhood Commissioner is the voice of the neighborhood. I am running a grassroots campaign and my goal is to speak with as many of you as possible, to hear your thoughts and concerns. I want to be your representative and your voice. I humbly ask that on November 2nd you vote for Petar Dimtchev as your Advisory Neighborhood Commissioner.

See you in the community — Petar

Ann Haas 3D09

Why I'm running again for our Advisory Neighborhood Commission:

"I would like to think that 20 years from now the neighborhood would still be recognizable." So said a resident as Foxhall Village began to seek preservation as a national historic district, illustrating the challenge of a popular neighborhood facing growth pressures. To me the concept applies to our community as a whole. I'm seeking re-election to the Advisory Neighborhood Commission. I want to represent the interests of Foxhall Village, Colony Hill, and the Georgetown Reservoir Area.

In the past couple of years:

- For the Canal Parc development proposed for the Riverside Hospital site on MacArthur Boulevard, I led the fight to reduce the number and height of townhouses, increase the lot sizes, and include protection for wetlands.
- In addressing the sustainability chapter of District of Columbia zoning regulations as part of a comprehensive revision, I led the Environment Committee of ANC3D in developing recommendations that would make development consistent with environmental protection and reverse the review order of proposed projects so that conservation issues were considered at the beginning of the process.
- I am working with neighborhood representatives to scale back Georgetown University's 2010 campus plan to protect Glover Archbold Park and adjacent neighborhoods.

I've fought the battles to help keep our neighborhood a livable place. I've learned some lessons along the way. I'd like to devote that experience to our shared future.

Solving community problems isn't a one-person effort. I've worked openly and collaboratively with my neighbors, fellow ANC-commissioners, and District officials. I'm a good listener. Whatever I have accomplished has been as a result of teamwork.

Our role is to safeguard the future. I grew up in our community, and I am invested in it. I want to ensure that 20 years from now it is still recognizable. I need your help. I ask for your vote.

Crime Prevention: Please Be on Alert!

SCOTT POLK

Scott Polk attended the monthly meeting on crime at the 2nd District Police Headquarters at the end of September. Lt. Hayes made two comments that should get everyone's attention. He pointed out that there were ten burglaries in the Foxhall and Palisades area during the month. That is attention-getting, but the important part was that five of these houses had their doors unlocked. The second part of this statistic is more alarming and that is that there were several burglaries that occurred at night while the homes were occupied. So, we will remind everyone to please check, double check, that your doors are locked and to keep your front door and back door outside lights on.

As a final comment, if you see ANY suspicious activity, call 911 immediately.

Neighborhood Watch Update

MALLORY LARSON

The available Block Captains met Thursday, Oct. 7 to get a Foxhall Crime Prevention Program started. Neighborhood Watch will be one of the components, but given the amount of crime that is taking place in our neighborhood, we need more action and education to help reduce the number of incidents and be truly effective. There are still blocks with no captains—Volta, P Street, the 1400 block of 44th Street and Surrey Lane as well as *all* areas outside of Foxhall Village itself, where no one has stepped forward to organize their blocks although the problem is certainly not limited to the “Village”. Non-participating areas may not be made aware of what is happening right on their streets. The majority of crimes are still due to people not locking their windows and doors, but the car break-ins continue to be rampant even when the windows are closed and doors lock and there's nothing of value in sight and there have been several troubling break-and-enters as well—with residents at home and asleep. We still remain statistically safer than some neighboring areas, but that also means police are more concentrated elsewhere. Anyone interested in helping, please contact me at 337-2805 or MalloryLawsonASID@msn.com.

False Victim, New Book and Future Made-for-TV Movie

BARRY SCHER

False Victim is a new “edge of the seat” true story that takes place in the Washington region, written by Kathie Truitt. The book details what happened to

the Truitt family after they moved to the region from Missouri and were subjected to four years of terror by their neighbor who suffered from False Victimization syndrome. Its the dramatic story of what author Kathie Truitt went through to avoid imprisonment for attempted murder, then an assault charge, and even allegations and charges of child endangerment—when she was never guilty of any of these crimes! Kathie is a former Mrs. Missouri, had a radio talk show, and, after moving to the Washington area, a promising career in real estate. The fascinating story envelops the whole Truitt family and even interrupts a White House dinner. *False Victim* was released in the spring and will be a made-for-TV movie in 2011. The book is available in local bookstore, at Amazon.com, and at publishing.com/bookstore. The author has a blog at hillbillydebutante.blogspot.com

the scary stuff corner

BOO! Halloween Decorating [Friendly] Competition Needs Volunteers We need you!

MALLORY LARSON

Due to three of the judges needing to recuse themselves for the Halloween Decorating Competition judging, it's on the verge of being cancelled this year. There are over 800 homes in the FCCA, and it requires a carload of judges to see all the houses and figure out the winners. It's WAY too many for only one or two people. Unfortunately there is no way around forfeiting the first half of Halloween evening, but that's just the way it is. It's much easier at Christmas, because those decorations are up for quite some time. If you are part of a couple or a house full of people who can man your home for a little bit while you help with this, you could SAVE THE DAY! PLEASE HELP!!! This is an opportunity for those of you who want to do something for the community but don't have any spare time to make a difference! And it's fun! Contact me at MalloryLawsonASID@msn.com or 337-2805.

Editor: And this year, we can post the photos of the best decor in full color on our website!

Palisades Village Off to a Strong Start in our Area

ALICIA JUARRERO, PALISADE VILLAGE

Palisades Village volunteers are now providing an average of 90 services a month to older neighbors who want to remain in their homes and stay involved in the life of our community.

The nonprofit membership organization, funded by a combination of dues and tax-deductible contributions, provides a wide array of support services and social opportunities to older residents in the FCCA area, as well as the Palisades.

In its new Report 2010 covering its first 18 months of services Palisades Village reports:

- Membership has grown to over 80.
- Volunteers helped members more than 900 times, rising to an average of 90 a month in 2010.
- Over 160 neighbors contributed.
- More than 80 adults and numerous kids and teens volunteered.
- Rides to medical appointments are 43 percent of all services provided.
- Social activities were popular, with attendance averaging 38 per event.
- More than 30 organizations, from local congregations and the Palisades Citizens Association to Iona Senior Services and AARP, partnered with Palisades Village on selected projects.

"While the numbers are important, I have the privilege of seeing many of the stories behind them," said Executive Director Sonia Crow. She recalled "neighbors who live a stone's throw from each other meeting for the first time through Palisades Village, friendships developing during rides to the doctor, and folks getting together for a good time."

To receive a copy of the Palisades Village report, contact Sonia Crow at (202) 244-3310, or email info@palisadesvillage.org.

Firehouse Dinners — Plan Now

MARYANN GRIFFIN, COORDINATOR

This December will be tenth year that we have prepared and served holiday dinners to our local firefighters. Given that this will mark a decade of such community service, I am hoping that we can recruit even more volunteers this year for this event which has become a holiday tradition and is so much appreciated by the women and men of Engine Company 29. Stay tuned for the November FCCA newsletter in which we will be announcing the dates for the dinners.

Congratulations to Officer Anthony McElwee!

For the fourth time, Officer Tony McElwee was selected as the PSA 205 Officer of the Year. Officer McElwee had been a presence in the Foxhall area for several years, and has always been responsive to the needs of the neighborhood. He has been an ally in helping to abate our recent crime wave and diligent in helping to enforce the new "no right turns" signs on to P Street and Volta Place, which has exponentially improved our quality of life in the neighborhood by reducing the cut through traffic and speeding cars that make their way in to the Village each morning. We want to thank him for his efforts and say congratulations on a well-deserved award.
